MERN STACK DEVELOPER

Driven web developer seeking to leverage expertise in the MERN stack to develop cutting-edge applications. Passionate about contributing to innovative projects and thriving in a collaborative, growth-oriented environment.

SKILLS:

Frontend: Html, CSS, JavaScript

Framework/Library: React JS, Express JS, Bootstrap 5, Tailwind CSS, Redis, Next.js

Backend: Node JS, Firebase,

Database: MongoDB, SQL

PROFESSIONAL EXPERIENCE

Bajaj IT Solutions

Nov 2021 - May 2022

Frontend Intern

Contributing to the design and development of visually compelling websites at Bajaj IT solutions, I apply principles of user experience and interface design. Collaborating with senior designers and developers on various projects, I am gaining practical experience in a professional environment as an intern.

Freelance MERN Stack Developer

Mern Stack developer

March 2023 - April-2024

Building full-stack web applications using the MERN stack. Creating responsive interfaces, efficient backends, and seamless APIs while delivering tailored solutions to meet client needs.

Impact Mindz Tech Solutions

Mern Stack developer

May 2024 - Present

As a MERN Stack Developer at Impact Mindz Tech Solutions, specialized in developing dynamic web applications using MongoDB, Express.js, React.js, and Node.js. Responsibilities included designing and implementing RESTful APIs, developing interactive front-end components, and ensuring seamless integration between front-end and back-end systems.
